

BizQualify

BQ provides financial insights on over 12 million U.S. private and public companies by leveraging filings with the IRS and Department of Labor.

What’s included

BizQualify™ (“BQ™”) leverages filings with the IRS and Department of Labor that pertain to employee benefit plans. The source filings are audited, cash-based, traceable, and updated monthly. BQ provides growth, profitability, and credit factors on U.S. public companies; and core firmographics, growth trends, and credit indicators on U.S. private companies, covering over 12 million businesses having over 20 million locations.

For whom

Investment Banker, Equity Analyst, PE Analyst, Portfolio Manager, Venture Capitalist, Credit Professional.

To be used alongside

News, Screener, TR Company Overview, TR Company Deals (Events, News & Research, Price & Charts, Financials, Events, Ownership, Peers & Valuation).

How to access

Open the App Library in Eikon by selecting the Eikon button from the toolbar. Then click on “App Studio” to find the app. This particular app is available to all users of Eikon, for a fee/free of charge.
